1. GET /api/v1/personas/{persona_id}/profile

Serves the customer profile along with current bank balances and projected cash flow metrics.

```
{
  "status": "success",
  "data": {
    "persona": {
      "id": "p_salaried_01",
      "name": "Ananya Sharma",
      "occupation": "Senior Software Engineer",
      "type": "SALARIED",
      "avatarUrl": "https://cdn.example.com/avatars/salaried_01.png"
    },
    "financialSummary": {
      "currency": "INR",
      "currentBalance": 185000.00,
      "projectedIncome30D": 120000.00,
      "projectedSpend30D": 65000.00,
      "minimumBuffer": 20000.00,
      "computedMetrics": {
        "netAvailableForInvestment": 220000.00,
        "projectedDeficit": 0.00,
        "liquidityStatus": "SURPLUS"
      }
    }
  }
}
```

2. POST /api/v1/recommendations/evaluate

Accepts the financial summary payload (or persona ID) and returns structured recommendations (Investment vs. Loan product).

Request payload

```
{
  "personaId": "p_biz_02",
  "personaType": "BUSINESS",
  "currentBalance": 45000.00,
  "projectedIncome30D": 210000.00,
  "projectedSpend30D": 310000.00,
  "minimumBuffer": 10000.00
}
```

Response Payload

```
{
  "status": "success",
  "data": {
    "evaluationId": "eval_8923410",
    "personaId": "p_biz_02",
    "recommendations": [
      {
        "id": "rec_credit_01",
        "category": "CREDIT",
        "actionType": "FLEXI_CREDIT_LINE",
        "title": "Merchant Overdraft Line",
        "description": "Upcoming liquidity gap of ₹65,000 detected in next 30 days due to vendor payables.",
        "recommendedAmount": 80000.00,
        "interestRatePercentage": 11.5,
        "metadata": {
          "preApproved": true,
          "minTenorMonths": 3,
          "maxTenorMonths": 24,
          "zeroProcessingFee": true
        }
      }
    ]
  }
}
```

3. POST /api/v1/fd/book

Captures the transactional payload submitted by the Flutter client to open a Fixed Deposit.

Response payload

```
{
  "personaId": "p_salaried_01",
  "recommendationId": "rec_fd_01",
  "depositAmount": 150000.00,
  "tenorMonths": 12,
  "interestRate": 7.20,
  "payoutOption": "AT_MATURITY",
  "autoRenew": true,
  "linkedAccountId": "acc_savings_99412"
}
```

Response payload

```
{
  "status": "success",
  "message": "Fixed Deposit booked successfully",
  "data": {
    "fdBookingId": "FD_20261030_00841",
    "personaId": "p_salaried_01",
    "principalAmount": 150000.00,
    "tenorMonths": 12,
    "interestRate": 7.20,
    "maturityAmount": 160800.00,
    "maturityDate": "2027-10-30",
    "status": "ACTIVE",
    "bookedAt": "2026-10-30T19:00:00Z"
  }
}
```
